It's a fun way to get back down to the base of the mountain, and avoid that "noodle legs" feeling from too much climbing.

No need to book in advance, you can pay for the slide cars when you get on the bus. Just tell your Tour Guide how many people wish to ride the Great Wall Slide Car.

The Co-operative Difference....

Save 10-40% dealing directly with our tour guides, and cut-out the middle man.

Each tour arrangement includes Unlimited Free one-on-one tour consulting and a planning service. This is also fully backed by our prompt emergency relief and recovery service.

As a relatively small but fast growing organisation, we have a much larger reputation at hand, one for trying that much harder than even the industry leaders; all of which are non-profitable and are backed by larger diversified interests. Unlike them, we have been running profitably every year since we were first established. That means we can both afford and are willing to deliver a higher level of service for you.

We are different in that we are neither privately owned nor State owned, but rather a co-operative member run organisation.

Our senior management team all serve in a voluntary capacity, in addition to their lecturing obligations, making us the largest co-op organisation of its kind in China.

Each member signs a collective agreement and together with our Industry Associated partners, including the Beijing Institute of Tourism, our members gain greater access and economies of scale unrivalled by any other Tour Agency in China.

That means greater efficiencies can be achieved in providing you with the highest quality service levels in the Industry.

Many of our members come from large corporate environments, and join us purely to share in the high moral associated with working for a profitable member run organisation. It is this trend that has led to our recent growth, and is now helping us to establish our international presence.

When you book through us, you're not just sharing an experience of a life time, you're sharing the magic of our cultural exchange!
